The Whole Family Project

Through individualized instruction in sign language, The Whole Family Project seeks to increase the ability of families to communicate with their children, infants and children up to 12 years, who are deaf or nonverbal, while increasing their knowledge and understanding of deafness, the Deaf community and available options. The Whole Family Project provides each family with their own qualified tutor who tailors lessons to meet the unique communication needs of each family. Tutors may be interpreters, family members of a deaf individual, or deaf themselves. For more information, contact Samantha Roe at 816-595-3344 or sroe@thewholeperson.org.
