Home Health Care

We are committed to offering professional, skilled, and friendly care in your home in Northwest Missouri.

Our primary service area covers the counties of Andrew, Atchison, Buchanan, Caldwell, Clinton, DeKalb, Holt, Nodaway and Platte.

Our services include:

- Skilled Nursing
- Wound, Ostomy, and Continence Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Services

We are available 24-hours-a-day, 7-days-a-week, to meet your health care needs or those of a loved one.

Home Health is available for those that meet the following criteria:

- Are homebound (if you have limited mobility and require assistance to go to doctor visits, house of worship, hair salon, etc.)
- Have a skilled need for care, and
- Are under the care of a doctor

The Whole Person Home Health Care offers a free in-home assessment to determine your eligibility. If you are in need of professional services, we will work with your physician to obtain the necessary orders.

Skilled Nursing

Our nurses are there for you and your family to provide an understanding of your health and wellness needs such as:

- Post-hospital care
- Patient education
- Medication management
- IV therapy
- Management of health issues, including: diabetes, congestive heart failure, and lung disease

Wound, Ostomy, and Continence Nursing

Patients benefit from our specialized care for wounds, ostomies, and incontinence, including:

- Skin breakdown (decubiti) prevention
- Level II Wound Vac Certified staff
- Specialty dressings
- Post-surgical care
- Wound Care Certified Nurse

Therapy Services

- Physical Therapists help you gain maximum mobility, muscle, flexibility, endurance and help restore strength.
- Occupational Therapists help you resume activities that were previously taken for granted following an injury or illness. Therapists help you adapt and redevelop skills used in activities of daily living.
- Speech Therapists help you overcome communication and/or swallowing problems after injury or illness, and are skilled in treatment of facial nerve pain.

Medical Social Services

Living independently with health related issues often requires community resources. Our medical social workers assist in areas such as:

- Health-related counseling for you and your family
- Accessing community resources
- Long-range planning
- Advanced directives and living wills
