

Brain Injury Peer Support Group

*Connecting individuals with brain injuries
to each other and the resources they need.*

If you are an individual, 18 and older, who has had a brain injury from an accident, stroke, tumor, aneurism or seizure disorder, and are seeking to connect with others who are going through the same experiences, this group is for you!

We know that survivors of brain injury find new ways of overcoming challenges of memory problems and other issues which affect independent living.

Join your peers to discuss topics relating to your injury, share information and resources, and partake in recreation and social activities that will help you better adjust to life with a brain injury and becoming more independent.
