Youth Services

The Whole Person’s Youth Services provide services that meet the transitional, educational, and social needs of youth with disabilities. Their goal and ours is to help youth with disabilities learn the independent living skills needed to make a successful transition into adulthood.

Our current program features the following:

- **DIY Life Skills Class**
  Youth will learn to advocate for themselves, how to budget, how to safely cook in the microwave, how to do laundry and self-care. Dates and times will be announced.

- **High School Youth Transition to Independence Program**
  An 8-week high school course that provides students with skills and resources necessary to have for transitioning from high school into adulthood.

If you are a youth, parent of a youth with a disability, or caregiver, call 816-561-0304
